

Intel Atom processor in a very sleek, light-weight box. Small in size, only 3/4" in height, but powerful in performance. Up to 2GB DDR2 memory, two Gbit LANs, DVI-I, and lots of ports.

Equipped with VESA mounting plate, Rugged mini UT can be used in carts or mounted to the back of LCD displays. Fanless design makes this unit ideal for dusty, dirty environments or sound-sensitive locations where silent operation is a must.

Specifications
